Alamo Area Radio Organization Night Owl Net Script

(Remember to ID with AA5RO every ten minutes)

Good evening, ladies and gentlemen. It is time for the Night Owl net, the place where you can prove once and for all that you are truly a Night Owl. This is **YOUR NAME**, **YOUR CALL SIGN**, as net control for tonight's net, which is sponsored by the Alamo Area Radio Organization.

This net takes place each Saturday evening on this repeater starting at 10:30 pm local time. This is a ragchew net and often dives into many topics of discussion. All amateurs, including visitors, are invited to participate. Some Saturdays the net is short and other times this net has been known to go on until 3 or 4 in the morning. You are welcome to check out at any time.

Go ahead and put on a pot of coffee, slide into your most comfy chair, kick off your shoes, and get ready for some great discussion and maybe even some trivia.

We ask that you allow for other stations to break in and do not allow one topic to dominate the entire evening. During the net, remember to identify with your callsign when it's your turn in the rotation. To recheck, please state "recheck" and your call sign during the net. Stations with emergency or priority traffic can break in at any time.

Before we get started, I will break for any priority traffic or emergency traffic, please come now. (Pause for 30 sec.)

Now that the formalities are out of the way…

It is time for check ins. When checking in, I ask that you give us your callsign slowly using ITU phonetics, as well as your first name, please. If you want to be added to the list, please come now.
